

Bright Not Broken: Gifted Kids, ADHD, and Autism

By Temple Grandin, Ann Linnea, Diane M. Kennedy

Audible Studios on Brilliance, United States, 2016. CD-Audio. Book Condition: New. Unabridged. 171 x 133 mm. Language: English . Brand New. The future of our society depends on our gifted childrenthe population in which we ll find our next Isaac Newton, Albert Einstein, or Virginia Woolf. Yet the gifts and talents of some of our most brilliant kids may never be recognized because these children fall into a group known as twice exceptional, or 2e. Twice exceptional kids are both gifted and diagnosed with a disabilityoften ADHD or an Autism Spectrum Disorderleading teachers and parents to overlook the child s talents and focus solely on his weaknesses. Too often, these children get lost in an endless cycle of chasing diagnostic labels and are never given the tools to fully realize their own potential. Bright Not Broken sheds new light on this vibrant population by identifying who twice exceptional children are and taking an unflinching look at why they re stuck. The first work to boldly examine the widespread misdiagnosis and controversies that arise from our current diagnostic system, it serves as a wake-up call for parents and professionals to question why our mental health and education systems are failing our...
