Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Spanish Sentences Vol.5: Spanish to English THIS EDITION: Volume 5 of Spanish Sentences contains a series of articles and accompanying sentences. The sentences provide insight into grammatical structure and sentence building strategies. All sentences are in the bilingual format Spanish to English . The idea is to study these sentences and then read the articles. The source of the articles is the official Spanish-language blog of the United States government at gobiernoUSA.gov . Please note, the articles are not always exactly as they appear on the official [gobiernoUSA](http://gobiernoUSA.gov) website. They have in some cases been shortened, simplified, or generalised. The Spanish text has been translated into English for this dual-language project. The dual-language text in the articles has been arranged into sentences and short paragraphs for quick and easy cross-referencing, with each Spanish text fragment followed by its English counterpart. The text can be used on its own. However, the content is ideal for reinforcing grammar, and as a precursor to more advanced bilingual editions. Topics in this text include: technology, travel, environment, family babies, family children, family (general), health (general), mental health, and finance.
