The bottom 2 four plots summarize the effect of using increasing amounts of data to estimate , with the smallest amount used being indicated by the vertical dashed lines in the top plot. From top to bottom, these plots show , the estimated standard deviation for , the RMS error over the selected data ( solid 2 curve ) and all the data ( dashed ) and two variations on the R statistic. The left-most dashed line and the dotted line in the top plot delineate the 24 data points recorded during the first complete wave from unit source  $a$ ; the dotted lines in the other plots mark values corresponding to an estimate of based on these 24 values.
