Palgrave Macmillan. Hardcover. Book Condition: New. Dust Jacket Condition: No Dust Jacket. First Edition. Available Now. Book Description: Marriage was, in the first half of the seventeenth century, an important metaphor for the special political and religious standing of England, defining the contract between king and kingdom and uniting conceptions of authority in household and polity. Within this theoretical perspective, the liberties of the king's subjects were also associated with their marital rights, and royal tyranny was defined as usurpation of the authority of husbands. With the execution of Charles I, these links would be broken. By the early 1650s, contracts of political government would bear little resemblance to marriage, save in the highly contested work of Thomas Hobbes. And though many Restoration radicals would grant subjects' liberties to 'fathers of families', marriage no longer held a special place in any theoretical perspective. : About the Author: BELINDA ROBERTS PETERS received her PhD in history from the University of California at Irvine in 1996, and taught courses in European culture and society, gender, and women's history at several southern California colleges, including California State University at San Marcos. She is beginning a project on seventeenth-century women's autobiography. Size: 13.5 x 2 x 23.3 cm. 256 pages. Quantity Available: 1. Shipped Weight: Under 500 grams. Category: History; Britain & Ireland; Inventory No: F170-1031.
