

Spheres of Liberty : Changing Perceptions of Liberty in American Culture

By Kammen, Michael

University of Wisconsin Press, 1986. Hard Cover. Book Condition: New. Dust Jacket Condition: New. 1st Edition. New book, never been read. Liberty, one of the most consequential words in our language, is one of the most treasured concepts in American thought -- and one of the most intensely debated. Its meaning is constantly shifting, changing not only from one culture to another but also, over time, within the same culture. The word also can connote different conceptions to different individuals at the same time and within the same culture. No two definitions of liberty seem alike. In this subtle and illuminating work Michael Kammen traces the evolving concept of liberty throughout American history and provides a solid framework for understanding the meaning of the term today. He demonstrates that perceptions of liberty changed as America passed through complex historical phases.

Reviews

This book may be really worth a read through, and far better than other. it was actually written extremely completely and valuable. I am just very easily will get a satisfaction of looking at a published ebook.

-- *Lillie Toy*

It is easy in read through easier to fully grasp. it had been written very completely and useful. I am pleased to let you know that here is the greatest book we have read during my personal life and could be the very best book for possibly.
