CreateSpace Independent Publishing Platform. Paperback. Book Condition: New. This item is printed on demand. Paperback. 48 pages. Dimensions: 9.0in. x 6.0in. x 0.1in. Winner of the 2010 International Society of Logistics Award. A common axiom in military circles is that amateurs study strategy, but professionals study logistics. Throughout history, wars have been won or lost depending on a nations ability to support and sustain a fielded force. Just ask the Nazis, who, during World War II, could not sustain the German war machine because of Allied destruction of logistical lines. The lessons to be learned today, though similar, are attenuated because of advances in technology, a globalized world economy, and interdependencies of nations waging war. Likewise, in a resource-constrained environment, nations and companies are looking for ways to cut costs, improve quality, increase efficiencies and enhance their competitiveness. It is no different for the Department of Defense (DOD), especially in the area of global mobility and combat support. In fact, it is safe to say that logistics situational awareness is a critical enabler of global mobility and will dictate whether countries survive in the future strategic environment. Today, the logistics tail of the DOD is ripe for improvement. Efficiencies in the...
